

**MASTER OF SCIENCE IN CHEMICAL ENGINEERING
COURSE-BASED DEGREE PLAN**

Student _____ **UH ID** _____

Graduation Term _____ **EMAIL** _____

REQUIRED CORE COURSES: (12 hours)	TERM	GRADE
CHEE 6331 Mathematical Methods in Chemical Engineering		
CHEE 6333 Transport Processes		
CHEE 6335 Classical and Statistical Thermodynamics		
Check One CHEE 6337 Advanced Reaction Engineering ____ CHEE 6360 Biomolecular Engineering ____		

ELECTIVES (18 hours)			
Two elective graduate courses from other departments may be substituted for chemical electives			
Course Number	Course Title	TERM	GRADE

****Basic computer science (COSC) classes, are allowed on a case-by-case basis. Courses offered in the MChE program (CHEE 6368, 6369, 6383, etc.), Industrial Engineering and Technology Division courses are unacceptable as MS electives.**
